"BC" Head- Powders, 10c & 25c. "BC" Tab- 10c, 25c and economy size bottles 0 and 100 tablets.

Recreation For Negroes Is Discussed

Plans for recreation facilities for Negroes and opening of a new road leading into Oakwood cemetery highlighted the weekly meeting of the Sheffield city commission Tuesday night at the municipal building.

The board voted that Mayor C. L. Beard would enter a contract with Howard A. Griffith, Jr., architect, to draw plans for the proposed Negro recreation center; also to contract Paxton-Alexander Engineers for construction of a swimming pool for Negroes.

* * *

The city purchased from Gaywald Homes, Inc., lots 3, 4, and 5 in block A and lots three through 7 in block D for use as a right of way leading into Oakwood cemetery. This new road will eliminate traffic entering the cemetery from Jackson Highway.

The section at Oakwood was requested to lay a water line in the cemetery with the city engineer to lay out required plans.

* * *

An 80-foot right of way to tie into the Village One road was obtained in a purchase from Hubert H. Daily of blocks 373 and 374.

* * *

The board requested the utilities department to install street lights at Sixth Avenue and 18th Street and at Eighth Avenue and 18th.

A University of Michigan study shows that 67 per cent of the children of professional men who graduate from high school go on to college but only 26 per cent of the children of unskilled laborers go.

Cheating Stopped For Gopher Hunters

ROCHESTER, Minn. (AP) — For several astute gopher hunters in Olmsted County, the gravy train has screeched to a stop.

Used to be you could rake a nickel in one township by presenting the tail, go on to another community and collect with the feet. If you were really clever you might use tails that just resembled gopher tails.

New law says you must have all four feet for that nickel — tails won't get you a cent.

Pravda Attacks Dulles' Speech

LONDON (AP) — Pravda declared today that U.S. Secretary of State Dulles' radio and television report on the recent SEATO conference and his Far East tour was "calculated to cause further tension in Asia."

The Soviet Communist party organ, in an editorial broadcast by Moscow radio, said Dulles' remarks were "full of hostile attacks" on Communist China and the North Viet Nam government of Moscow-trained Ho Chi Minh.

Teacher Could Use A Few Lessons

OMAHA (AP) — A Sidney, Neb., high school teacher was ordered to appear in court next week after he was stopped for driving with expired license plates. The automobile was a student driver training car. "I guess I was neglectful," the teacher commented.

Chinese Don't Take U. S. Pledge Seriously---Dulles

WASHINGTON (AP) — Secretary of State Dulles today was reported to feel that Chinese Communist leaders do not take at face value repeated U.S. pledges to defend Formosa.

A senator who attended Dulles' briefing of the Senate Foreign Relations Committee Tuesday said Dulles expressed concern that the Chinese Reds "have got the impression that we really do not intend to fight for Formosa and the Pescadores." The senator asked not to be quoted by name.

Communist China was reported, meanwhile to have sharply eased up on its violent campaign of public threats to capture Formosa and the Pescadores.

Government officials who study Red China's propaganda said this is not necessarily a sign the Reds are backing down. They said such outlets as the Peiping radio have been devoting much time to other current propaganda.

Sen. Humphrey (D-Minn), who did not hear Dulles' briefing of the Foreign Relations Committee, said the "great danger point is the apparent failure of the Chinese Communist government to truly appreciate the determination of the United States to defend Formosa."

In an interview, Humphrey urged "every possible effort by the administration through diplomatic channels and using every other device of communication to make it crystal clear . . . that we do mean business on Formosa."

Boy 'Serious' After Throat Operation

DENVER (AP)—Edsel Scroggs, 16, who was given a new esophagus in a 13-hour operation a week ago, was reported in "serious" condition at Colorado General Hospital early today.

Hospital attaches offered no specific explanation for his decline other than malnutrition and rigors of the long operation, in which a section of his intestine was transplanted to his throat.

Nations To Discuss Arab-World Problems

DAMASCUS, Syria (AP)—Representatives from Syria, Lebanon and Iraq will meet tomorrow in Beirut, Lebanon, to discuss ways of avoiding a split in the Arab world, according to well-informed sources. Iraq recently ignored strong protests from Egypt and concluded a defense pact with Turkey, which is aligned with the West. Egypt has advocated a neutral stand by Arab nations in the cold war.

DISHONEST CRITIC

WILLIAMSPORT, Pa. (AP) — An unknown thief was either very particular about the television set he stole from a store or was dissatisfied with a TV program. Police found the set abandoned on a nearby road.

It has been estimated that the undeveloped coal lands of New Mexico contain 192,000,000,000 tons.
