The Florence meeting will be held at the Morning Star Baptist Church located on S. Blair St., and will be conducted by local ministers.

The meeting for Sheffield and Tuscumbia will be held jointly in Sheffield. This will be a tent meeting located on 17th Street and 8th Avenue.

The services will be conducted for 20 days by the following ministers, Rev. L. W. White, Albany, Ga.; Rev. W. W. Woods, Tallahassee, Fla.; and Rev. E. L. Blair, Memphis, Tenn.

Each church in the Tri-Cities is asked to take part, Rev. Brackens said.

"It was this sort of interference other sections that caused the division of Methodist in the 1840's. We want no more of this sort of attitude."

Nash, Hudson To Lay Off 3,400 Workers

MILWAUKEE (AP)— American Motors Corp., producer of Nash and Hudson automobiles, announced yesterday that 3,400 workers at its two Wisconsin plants will be laid off in a "downward adjustment in production."

The layoffs, which a company spokesman said will be effective next Tuesday, represent a 20 per cent slash in the production force in plants here and in Kenosha, Wis. Employment as of yesterday was reported at 15,796.

The announcement said 1,800 workers will be laid off at the assembly plant at Kenosha and 1,600 in the body plant here.

"I can't say how long the layoff will last," a company spokesman said. He said the reductions will not affect a plastics plant here or the AMC West Coast plant at El Segundo, Calif.

J. A. Riedl, Milwaukee plant manager, said, "American Motors production will be adjusted downward Wednesday, June 8. The downward adjustment reflects the recent record production rates necessary to build dealer inventories up to satisfactory levels after an abnormally late production start in some models."

Riedl said that after the layoffs the production rate will be 650 cars a day. "This compares to a daily output of 380 a year ago," he said.

Russ Leaders In Bucharest Today

LONDON (AP)— Russia's touring leaders arrived today in the Romanian capital of Bucharest, to lay down the new Kremlin policy towards Yugoslavia.

Soviet Communist boss Nikita S. Khrushchev arrived by plane with Premier Nikolai Bulganin and Deputy Premier A. I. Mikoyan, Bucharest radio reported.

Khrushchev, who spent yesterday in Sofia, capital of Bulgaria, appeared to be making the rounds of satellites to give them a fill-in on his talks with Tito.

This gave rise to speculation that the Moscow-dominated Cominform might join the Russians in attempting to woo back the Yugoslav leader once ousted as a heretic.

European observers speculated that Khrushchev's visit to the Romanian capital may spell the end of the Cominform.

They suggested that the Russians may propose dissolution of the Communist body which has its headquarters in Bucharest.

It was suggested this might be part of the price the Soviets would have to pay Tito for the new policy of "active coexistence" agreed on in Belgrade.

TVA Lineman Hurt In Fall

WAYNESBORO, Tenn. (Special) — Ellis Copeland, a lineman for the Tennessee Valley Authority, is in Woods Memorial Hospital here today with a back injury sustained in a fall Thursday when a pole on which he was working broke off.

Copeland was 35 feet up on the pole when it snapped off 18 inches below the ground. Its fall was broken by a cedar tree, which burst into flames from "hot" wires, and Copeland jumped free from a height of about 22 feet.

No Progress Reported In Moulton Theft

MOULTON (Special) — Sheriff Franklin Smith reports no progress in the investigation of the robbery of the Royer Superette here Saturday night.

The sheriff said he has no suspects in connection with the $1200 robbery, which was the largest in Moulton in recent years.

The robbery was discovered by a Store Owner Lucian A. Royer Sunday morning when he found the store's front door open. Apparently the thief was hidden in the grocery when Royer locked up his store about 10 p.m. Saturday, shortly before an electrical storm and heavy rain.

The approximate $1200 in currency, silver, and checks represented part of Saturday's receipts. A bank deposit had been made by Royer earlier Saturday, and the remaining money taken in was hidden in the store.

The robbery makes a total of three Moulton groceries burglarized this year. Milton Hill's Grocery and Cecil Thrasher's Grocery were both robbed earlier, but only small amounts of money were found by thieves. Entrance to these two stores had been made by breaking a lock on the back doors of the buildings, however. No arrests were made in either break-in.

DELEGATES FROM

In Virginia, a second county balked yesterday at putting up money for the operation of public schools.

The Nottoway County Board of Supervisors tabled a proposed operating budget of $600,000 for the 1955-56 school.

Prince Edward, the county in which Virginia's segregation case originated, rejected a proposed budget of $670,000 a few hours after the Supreme Court directed lower courts to work out plans for implementing its decision of last year.

The action of the two central Virginia counties made it uncertain whether they would operate public schools in 1955-56.

YOUTH HELD

(Continued from Page One)

Margaret was the youngest of eight children. Her father is a street department laborer. Troiano is the son of Mr. and Mrs. Anthony D. Troiano, who have two other children.

County Atty. Frederic S. Sturgis said Troiano told investigators he quit school last year because he "couldn't learn anything."

Cochian said the youth's mother told him a psychiatrist reported there was nothing wrong with the boy.

Kochian quoted the boy as saying he read nothing but "horror, crime and war stories."

Life Finally Ends For 'Miracle Ann'

HOUSTON (AP)—Life finally flickered out last night for little "Miracle Ann" Dupree, a premature baby girl pronounced dead after birth but found alive on an embalming slab. She died at 11:30 p.m.

Dr. M. Desmond, a woman physician in charge of the premature nursery at City-County Hospital, reported the infant's death early today.

Earlier, doctors gave the baby better than 50-50 chance, even though a nurse said "premature infants such as this are always considered in critical condition."

"Miracle Ann" weighed 30½ ounces.

Yesterday, the mother announced she would name the child "Miracle Ann."

"It was God's will that my baby is alive," said Mrs. Mark Dupree, 28. "I can only describe this as a miracle."

Now the child is dead. Dr. Desmond said the mother had not yet been notified.

A mortician at the Pat Foley funeral home detected life in Miracle Ann after she was given up for dead following birth. The baby lived 30 hours.

India Moves To Consolidate Position

NEW DELHI, India (AP)—India today took a major step to consolidate its position in the Himalayan buffer state of Bhutan between India and Red Chinese-occupied Tibet.

New Delhi announced that Foreign Secretary R. K. Nehru — second ranking civil service official in the Foreign Ministry and a cousin of the Prime Minister — is going to Bhutan tomorrow for a week's visit as guest of Bhutan's Maharajah.

Nehru is the first senior Indian official to visit Bhutan.

Bhutan is a protectorate of India, depending on New Delhi to handle its foreign affairs. But the Bhutanese are displaying increasing independence in domestic affairs.

This fact plus the arrival of some Red Chinese on Bhutan's border has caused New Delhi considerable concern. Buddhist Bhutan by tradition tends to look toward Buddhist Tibet rather than India which inherited its Bhutanese position from the British.

The Chinese had a wall

Generations slaved away their lives to build it. The wealth of kings and the skill of engineers were poured into its construction. And, when it was finished, it roamed a vagabond course over the mountains for hundreds of miles, like a great grey dragon breathing defiance from every segment of its poised body.

It was a peace-loving nation's way of telling the world that she wanted no more war . . . and the men who built it *actually believed* it would protect them from aggression.

The Americans have a hydrogen bomb. It, too, is a peace-loving nation's way of telling the world that she wants no more war. And millions *actually believe* it will protect, not only America, but the whole world from aggression.

The only *sure* protection against war is the fortress that saves mankind from the evils in man's hearts which foment war. That fortress is the Christian religion. But even our religion is not a sure protection until it reaches the hearts of all men.

Support your church. Help it build the foundations of Peace in your own heart. And with your prayers and your purse advance its tireless efforts to build those same foundations in the hearts of all men.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest force on earth for the building of citizenship and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor any other form of government can endure. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
