student bodies of Slater and Barrell schools Wednesday afternoon. Assistant Chief Earl Romine and Officer James Wesson lectured to the groups on safety, emphasizing pedestrian caution. Children were instructed in the proper way to cross streets, ride bicycles, where to skate and in all other phases of the various safety methods which should be observed by all school children.

Purpose of the police safety program is to so inculcate the safety practices in the minds of everyone to try to minimize accidents.

**U. S. Ready To Call On UN To Indict China**

**President Truman Says Pressure To Be Applied Now**

BY MAX HARBELSON  
LAKE SUCCESS, (AP)—The United States is ready today to call on the United Nations for an indictment of Communist China as an aggressor in Korea.

In Washington, President Truman told his news conference the United States will bring every pressure it can to brand the Chinese Communist aggressors.

Some countries, however, may try to delay action until they have had more time to consider. Peiping's peace terms, received last night along with rejection of the latest U. N. cease-fire appeal.

India was expected to oppose the plan strongly, along with the Soviet Bloc.

As the delegates prepared for a 3 p. m. (EST) meeting of the General Assembly's 60-nation political committee, U. S. representatives still were trying to line up co-sponsors for the American plan to put the aggressor label on the Chinese Reds.

A spokesman said the proposal would be ready if all the prospective co-sponsors received instructions from their home governments in time. If not the introduction of the proposal might be delayed until tomorrow.

At any rate, the spokesman said, Chief U. S. Delegate Warren R. Austin was prepared to blast the Chinese Communists in a speech and reject their peace terms.

Reports from abroad also indicated intense diplomatic activity in many capitals. France was reported to have agreed to condemn the

Peiping regime. A foreign military spokesman said in Paris: "We quite agree with the principle of declaring Communist China an aggressor, but we do not favor rushing into any such declaration before we have carefully considered all the circumstances."

Indian Prime Minister Jawaharlal Nehru, also in Paris, was reported to believe that the Chinese Communist reply to the U. N. cease-fire "does not constitute a rejection, pure and simple." U. S. Secretary of State Acheson, however, took a different view. He said the United States considered it an outright rejection. He also declared the U. S. could not accept the Peiping regime's counter-proposals.
