By d'Alessio THESE WOMEN!

CONGRATULATIONS TO MR. DOBSON

Hearly congratulations are in order to Willtam Dobson, better know to his many friends as "Jack, upon his appointment to the postmastership of our town succeding Henry G. Sockwell removed.

Mr. Dobson enjoys the respect and admiration of all who have come in contact with him and who know him for his gentlemanly demeanor and his knack of making friends. Democrats as well as Republicans like Jack and are expressing the opinion that he will bring order and efficiency to the local postoffice and also an administration worthy of the appointee and the office. Good luck, Jack.

VOTE "YES" ON AMENDMENT 2

VOTE "YES" ON AMENDMENT 2 "
Our advice, if you want to maintain segregation, is to vote "yes" on the amendment No 2, which is the school of your choice proposal.

However, vote "no" on the amendment hiking the excise profit tax from 3 to 5 percent. This is an unwise and unnecessary tax increase. All other amendments are local, but most are tax increase measures, so to be on the safe side it is advisable to vote against all of them, but vote for amendment No 2 and also for the continuation of the Golbert County and Tuscumbia school tax.

FOLSOM FEATHERING HIS NEST

Governor James F. Polsaon FEATHERING HIS NEST Governor James F. Polsaon, whose salary as governor during the four vears of his present term will total \$48,000, is reported to have bought 260 teres of land in the Tennesse Valley for the sum of \$185,000. This figure reludes the cost of a number of cattle and sheep with which the place had been stocked

Any way you look at this transaction, it presents an interesting study in - Clark County Democra

MORALS AND MOVIES

MORALS AND MOVIES

One of Hollywood's colossals, billed as the great war picture about World War II, has just struck the screens of America. The impact was something less than shattering.

In typical Hollywood style, the plot involved an American overseas, who, of course was married The fact that he was married, however, made little impression on Hollywood, and he struck up a hot formance with a local darling—who was waiting for her native lover, off in combat, to return.

All through the picture, just as is the case in acting Hollywood colossals the pretty music and lowereness continued. The very fact that the husband was not being true to his wife, and that the girl was in somewhat precarious circumstances herself, seemed not to enter into the thoughts of anyone.

This sort of trash is all too common in Hollywood, and ev

This sort of trash is all too common in Hollywood, and even if it is made to appeal to Europeans, who live on a lower moral standard than Americans, then it is nevertheless equally disgusting.

Several other pictures have been produced in recent months which feature the lives of those who have no business being remembered, much less portrayed on the screen. Why Hollywood gets such a bang out of producing the stories of the lives of alcoholies, dope-addicts, and so forth, we do not know.

the stories of the lives of aiconnuis, superactives are addicts themselves, and attempt to justify their habits by living in a world of make-believe, assuming that these things are accepted and are excusable and are explainable by the conditions various characters have lived under.

Whichever way you look at it, the conscience of Hollywood is bad, and the average product is worse. We cannot but frecil in disgust at the continual process of selling liquor, vice, immorality and all sorts of fifth to the American provingening public.

erican movie-going public.

The young children of America do well to avoid juvenile delinquency as much as they do when they are exposed to such influences.

It is true that many good pictures are produced, but these pictures are greatly outnumbered by foul ones, containing all sorts of propaganda and

The world has always had individuals able to answer all the questions involving mankind, but fortunately the people have been too smart to listen

As far as we are concerned, the nation can't be too good to veterans, suffering from war-service disabilities. On the other hand, non-service connected disability graft is reaching preposterous proportions among veterans.
