### THE WEEK In Religion

### INSPIRATION Inner Peace

#### AN EDITORIAL

**FEW HUMAN BEINGS** are impervious to the stress and tension of modern life. It is not easy to sleep aloof from the fears and anxieties which prey upon mankind in general. There are times when the world's crimes, follies and stupidities seem too much for the wisest and strongest of us.

It is necessary, therefore, for men to have some refuge where, at times, they may run away from the world in order to return strengthened and invigorated.

Where is this refuge to be found? It lies in a man's own soul—in that deep, inner consciousness where he may commune with God, finding in prayer sources of new courage and strength.

Christ Himself many times sought isolation and silence to escape the importunities and pressures of the world. In the presence of His Father, His troubles and confusion faded away and He found Himself with a renewed peace and uplift of spirit.

To God only may men go for asylum from the hates, worries, pressures and fears of life. His is the sole consolation that will ease the pain of suffering, save the wounded mind, restore the peace and happiness of which the world too often robs the individual.

Fortunate are those who comprehend the serenity and quietude enduring that can be found in communion with God. In hours of trial, the power of prayer and meditation is most fully felt. When things go wrong men are able to forget their need for God. They are neither deeply conscious of His presence nor of His personal concern for them. It is only when every other door is closed that many discover gratefully the open door to the heart of God.

None need ever despair of finding what he needs when by knees.

Children like this are victims of the war in Korea. When the conflict is over, there will be many children and other refugees, and church relief groups will undoubtedly be called upon to aid them.

### Niemoeller Warns American Nation About 'Superman'

LAKE JUNALUSKA, N. C. — If Hitler had not been so stupid in 1918, he would have become a superman.

An address at the assembly's mid-century convention on "An Adequate Faith for the Present Age," the German church leader said:

"The feeling in America today is what it was in Europe 20 years ago; that this is the time for a strong man."

"Perhaps you, as I, have wondered how in a moment like Germany—of an net cent Christian—a man like Hitler could come into power. It was that he pretended to be a superman."

"It has not yet happened in America, but it could when we see how the times are calling for a superman in bringing civilization under control."

Pastor Niemoeller warned against considering any nation or all mankind as a race of supermen, "because of the 'terrible' experience of his own nation during the past two decades."

Men who believe themselves supermen, he declared, soon try to regulate God, not only legislating what is good or bad, but also judging who is good or evil.

"Superman" puts on the scrap heap those he thinks are useless to him," Dr. Niemoeller said. "That is why Hitler had six million Jews murdered."

### Maryland's Governor Bans Communism Debate

WASHINGTON, D. C.—The Washington Council of Christian Churches has decided against appealing a decision of Governor Lane of Maryland banning a debate on Communism at the nearby campus of the University of Maryland.

The Rev. Kenneth Woodring, pastor of the Rock-Spring-Fairfax Episcopal Church, Md., and acting secretary of the council, an organization of fundamentalist churches, said:

"We have a special golden opportunity to give Communism a real blow in Maryland." The council helped arrange the debate.

Governor Lane ordered the debate banned when he learned that one of the participants was to be Philip Franklin, chairman of the Maryland-District of Columbia Communist party. The governor said that while American boys were dying in Korea he would not permit a spokesman for "this malevolent organization" the freedom of the state university campus.

### Asks Negroes Seek God's Aid, Admire

RICHMOND, Va.—Bishop W. J. Walls, Chicago, of the African M. E. Zion Church, said in a sermon he walked the streets of this city as a "half-slave" in his own country, and called upon Negroes to seek God's help in their continuing fight against injustice.

The bishop sounded the keynote for the general convention on Christian education and general assembly of the Christian youth of the African M. E. Zion Church here.

"This convention says to rising youth: 'Your lot is not easy.' It is a spur to faith. Prejudice is not stop-all to aspiration and hope. It is a wind that fills the sails of the youth who will power and needs but the direction of sanctified intelligence and energy of the spirit of Christ that will set us free by making a passage through a challenging world."

Bishop Walls said that for more than a century America's good men and women have stood up against the tanks with oppressed minorities.

"She was against imperialism and colonialism," he said.

### Wants Ireland in U.N.

BOSTON—Archbishop Richard J. Cushing of Boston, in an address to the annual convention of the Ancient Order of Hibernians here criticized the United Nations for not including Ireland in its membership.

He said the exclusion of Ireland "is a fraud, a fraud which is a source of provocation and resentment to Ireland's good name." He emphasized this point.

### New Vegetable May Edge Out Spinach

Fattier and spinach, the nutritious vegetable whose edibility has been challenged by generations of children and many of their parents, may be pushed off the American dinner table.

A new green vegetable from Java which tastes better than regular spinach will be marketed in a limited way for the first time this year—frozen or canned.

The contender is called Florida spinach, but will grow over most of the United States in spite of its name. It is low in fiber, high in vitamins and has no oxalic acid, the chemical which makes spinach and beet greens hard to digest for some people.

**Packing Peaches**  
Peaches or pears that must stand between peeling and packing should be placed in cold salt water to prevent discoloration. Add two teaspoons of salt to each quart of water. Rinse in clear, cold water before packing. Or use a Vitamin C tablet for special ascorbic acid preparation now available.

### What cigarette do doctors themselves smoke?

Three nationally known independent research organizations put the question to 113,570 doctors. Doctors in every field of medicine were asked, "What cigarette do you smoke, Doctor?" The answers from this nationwide survey revealed that:

**MORE DOCTORS SMOKE CAMELS than any other cigarette!**
